Afternoon tea has become ever more popular in recent times and we have created a collection of decorated ceramics to enhance this charming tradition, available in three floral prints, Grace, Hope & Faith. The mixing of retro florals with neutral whites can create a nostalgic feel, with minimal investment.

Estrella is a collection of authentic Terracotta, made in Spain, all pieces are suitable for the traditional cooking of tapas, and can be served hot straight to the table to offer customers an authentic Spanish experience. Suitable for traditional ovens, microwaves and freezers, Terracotta is naturally fragile and should be handled with care. It is also naturally porous; therefore submerging in water should be avoided.

Similar to Estrella, but made from Super Vitrified Porcelain are our Tapas shapes, page 109, for a more robust and durable alternative.

All pieces have a stainless steel inner lining along with stainless steel handles. The collection is designed for presentation but can be used for cooking if desired. They can be used on all heat sources except induction hobs.

As the serve ware pieces are copper, they will naturally oxidise over time, to maintain an optimum finish hand washing is recommended.
